The Mission of the Kosciuszko Foundation

Founded in 1925, the Kosciuszko Foundation is dedicated to promoting and strengthening understanding and friendship between the peoples of Poland and the United States through educational, scientific and cultural exchanges and other related programs and activities. It awards fellowships and grants to graduate student scholars, scientists, professionals and artists and helps to increase the visibility and prestige of Polish culture in America's pluralistic society by sponsoring exhibits, publications, film festivals, performing arts such as concerts and recitals, and assists other institutions with similar goals.

U.S. and Polish Academic Advisory Committee

The Foundation would like to take this opportunity to express its sincere appreciation to the members of the U.S. and Polish Academic Advisory Committees, whose members review and interview all of the applicants for the Fellowships and Grants Program.

EXCHANGE FELLOWSHIPS AND GRANTS FOR POLISH CITIZENS

KOSCIUSZKO FOUNDATION FELLOWSHIPS AND GRANTS are awarded annually to Polish citizens for advanced study/research and teaching at universities, institutions of higher learning, and scientific/medical centers in the United States.

Under the program, the Foundation awards Fellowships to postgraduate scholars, professionals, or artists with degrees. Grants are awarded to those without doctoral degrees. Fellowships and Grants are awarded for 3, 5, or 10-month periods, depending on the nature and scope of the research project, the recommendations of the American institution of higher learning, and the U.S. and Polish Academic Advisory Committees.

During fiscal year 2013, 24 Polish scholars and scientists successfully completed their scholarly and scientific projects, receiving nearly **\$300,000** in support from the Foundation.

The Fellows and Grantees were carefully chosen for the program in a highly selective screening process that included personal interviews in Warsaw. Among them, were two Teaching Fellows – a part of the Foundation's ongoing support for Polish Studies programs at various American universities (since 1992).

During the 2012/13 academic year, the Foundation sponsored Teaching Fellowships at: the University of Indiana at Bloomington; the University at Buffalo, The State University of New York; and Hunter College, City University of New York (as part of a separate domestic program).

In addition to funding, the Foundation provides support to Fellows and Grantees prior to their arrival and during their stay in the United States. Every effort is made to help the participants and their families with travel, housing, medical insurance, visa, and U.S. Homeland Security procedures. Foundation staff contact Fellows and Grantees frequently throughout their stay in the United States, and whenever feasible, conduct exit interviews and receive a final written activities report from each participant.

The Domestic Scholarship Programs

Scholarships to Americans and Polish Americans, known informally as the "domestic" program, form an integral part of the Kosciuszko Foundation's educational programs. Four separate programs comprise the Domestic Scholarship Program:

- ☐ The Tuition Scholarship Program for Graduate Studies
- ☐ The Graduate and Post-graduate Study and Research Program for Americans in Poland
- ☐ The Year Abroad Program in Poland
- ☐ The Summer Study Abroad Program

The Foundation awarded scholarships to 98 Americans at American universities, comprised of Polish Americans and Americans who are studying primarily Polish studies, for total scholarship proceeds of \$274,410.

Domestic Tuition Scholarships

The Kosciuszko Foundation awards Domestic Tuition Scholarships to Polish Americans, Americans studying Polish subjects, and Poles who are permanent residents of the United States to pursue graduate studies in the United States.

The Tuition Scholarships are granted on a competitive basis to full time students at accredited American universities who have an excellent academic record and who are able to demonstrate a strong sense of identification with the Polish American community and with Polish culture in general.

Though the majority of scholarships are designated for graduate study, a limited number are available for undergraduate study. In order to achieve a fair and reasonable diversity amongst grantees, in determining awards, consideration is given to a number of factors, including the age, scholarly affiliation, geographic region and gender of the applicants.

For the 2012/2013 academic year 72 undergraduate and graduate students received \$228,250 in Tuition Scholarships.

GRANT FUNDING FROM THE MINISTRY OF FOREIGN AFFAIRS OF POLAND

The Kosciuszko Foundation secured \$70,000 in grant funding from the Ministry of Foreign Affairs of Poland to expand its scholarship program and to organize the Economic Conference in 2013. The additional funding was made possible due to the fact that the Kosciuszko Foundation Poland – a Warsaw based branch of the KF - was established in December of 2010, and thus made the organization eligible to apply and benefit from the Polish government's support. The following projects were carried out:

I. Bridges to Poland Scholarship Program

Thanks to a grant from the Ministry of Foreign Affairs of Poland, the Kosciuszko Foundation awarded **20 special scholarships** to gifted Polish-American students to study Polish language and culture during the summer of 2013 in Krakow and Lublin, Poland. *Bridges to Poland*, a new KF scholarship program was established to distribute the grant. Each scholarship covered program fees of a three-week intensive summer program at the School of Polish Language and Culture at the Jagiellonian University in Krakow and John Paul II Catholic University in Lublin. Program fees included language classes, course materials, additional lectures, accommodations, three meals per day, various cultural events and scheduled sightseeing trips on weekends.

II. “The Polish Phenomenon; What’s Next for Europe’s New Powerhouse?” – The Kosciuszko Foundation Economic Conference 2013

A new report on the proceedings of the Kosciuszko Foundation Economic Conference 2013 underscores the continuing strength of the Polish economy, the entrepreneurial spirit of Poland's people and optimism about the country's future. The conference and report were co-financed by funds granted by the Ministry of Foreign Affairs of Poland in the competition for the public task "Cooperation with Polish Diaspora and Poles Abroad in 2013." The conference report “The Polish Phenomenon; What’s Next for Europe’s New Powerhouse?” can be downloaded from the KF website at www.thekf.org. A video from the conference is also available on the KF website.

Marek Belka, President of the National Bank of Poland, served as keynote speaker at the conference, which took place on September 27, 2013 at the New York City headquarters of the Kosciuszko Foundation.

The conference also featured two panel discussions. The first panel, titled "Riding Out the Storm: How the Finance and Banking Sector in Poland Navigated the Recession and the Path Ahead," was moderated by Douglas L. The panelists included Pawel Graniewski, Vice President, Management Board of the Warsaw Stock Exchange; Michal H. Mrozek, Managing Director,

Citibank; Dominik Radziwill, Alternative Executive Director, International Monetary Fund; and Pawel Tamborski, Undersecretary of State, Ministry of the Treasury of Poland.

TEACHING ENGLISH IN POLAND

Fiscal Year 2013 TEIP Program

21	Teachers
23	Teaching Assistants
4	Staff Leaders
20	American States Represented
300	Polish Students

Since 1991

2,200	American Volunteers
10,200	Polish Students
112	Education Camps in Poland

The summer of 2013 marked the twenty-third anniversary of the *Teaching English in Poland Program* (TEIP), an innovative and highly effective cultural and educational exchange between the United States and Poland. This summer program is cosponsored annually by the Kosciuszko Foundation and independent, educational, nonprofit organizations and is under the honorary patronage of the Polish National Commission for UNESCO.

To accommodate different schedules and interests and to satisfy the demand for such educational opportunities, the Kosciuszko Foundation and our Polish partners offered four choices to students: two English Language/American Culture Camp Programs and two Arts Enriched English Language Camp Programs. Both programs included students ages nine to eighteen. As a result of this expansion, a larger number of Polish students and American teachers and assistants had the opportunity to share in cross-cultural experiences.

This year, there were two English Language/American Culture Camp Program opportunities. The first was held at ZHP "Nadwarcianski Grod," Zalecze Wielkie, and the second was held in The District Center for Culture, Education, Tourism, and Sport in Pinczow. Both camps were in session from July 19 to August 2. Both sites conducted a two-week English language emersion experience for Polish students. The Polish hosts at each site also offered a cultural tour of Poland for American teachers and assistants who volunteered their time to the program.

The purpose of the English Language/American Culture Camp Program is to provide Polish students, who demonstrate intermediate to advanced levels of proficiency, with opportunities to improve their conversational skills. The method of language emersion is employed during four daily class periods, in extracurricular activities, on field trips, and during meals and periods of free time. At the same time, participating teachers and students are exposed to the culture, history, language, traditions, and people of Poland. Dr. Teresa Wojcik, Philadelphia Chapter President served as the American Staff Leader in Pincow. Mrs. Dawn Woyak from Albuquerque, New Mexico served as the American Staff leader at Zalecze Wielkie.

The Arts Enriched English Language Camp Program celebrated its fifth year since its inception in 2009 in Zalecze Wielkie and a new camp was added this summer in Otwock. The camp in Zalecze Wielkie was in session from June 29 to July 20, and the camp in Otwock was in session from July 1 to July 12. Both programs held four classes per day and emphasized the importance of art, music, theatre, drama, and other creative forms of expression.

The purpose of the Arts Enriched English Language Camp Program is to strengthen students' appreciation for creativity and the innovation that art provides. The program in both Zalecze Wielkie and Otwock invited

students to gain a deeper appreciation for the arts, to learn about American culture, and to foster creative growth through a strong personal and global sense of identity. Toward the end of the experience, Polish students demonstrated their artistic abilities through an Art Expo. The exposition was open to students' family members, friends and showcased their creative works and talents. Mr. Thomas Rusnak Sr. from Brookfield, Illinois was the American Staff Leader for the second consecutive year at Zalecze. Dr. Mary Kay Pieski, from Tallmadge, Ohio initiated the new camp and served as the American Staff Leader.

The Kosciuszko Foundation and the Polish National Commission for UNESCO cooperate to prepare and implement specific components of the TEIP Program. The Foundation recruits and selects American teachers and assistants; organizes the staffing of each camp; provides training sessions for American participants; facilitates the educational aspects of the program as outlines in the curriculum guide. In addition to preparing lessons and activities, the participants are encouraged to raise funds, solicit donations of equipment, educational materials, and books to be shipped to Poland. The TEIP Program has been awarded grants and in excess of \$14,000 from Delta Kappa Educational Foundation to help purchase equipment for the Arts Enriched English Language Camp Program. Mr. Al Koproski, Trustee of the Kosciuszko Foundation and member of the board of the Polish National Youth Baseball Foundation facilitated the donation of baseball equipment to both the Otwock and Pincow camps.

Mary Kay Pieski Ph.D, volunteer director of the TEIP Program, together with Teresa G. Wojcik Ph.D, volunteer assistant director, facilitated the American aspects of the program; supervised the implementation of the program at each Polish campus site. Mrs. Christine B. Kuskowski has recently been appointed the Director Emeritus for the TEIP Program. Mrs. Kuskowski has served as the program director for twenty-one years. Mr. Krzysztof Haranczyk is the newly appointed TEIP Program coordinator at its headquarters in New York City. Cooperating Polish directors included Ewa Barbara Musiejko (administrator, *Powiatowy Młodzieżowy Dom Kultury Michała Elwiro Andriollego w Otwocku*), Krystyna Mikita (administrator, *Ósrodek Szkoleniowo-Wypoczynkowy ZHP "Nadwarciański Gród"*), and Tomasz Dziurmak (administrator, *Powiatowy Ośrodek Kultury Turystyki i Sportu Pińczów*).

This summer a total of 300 Polish students attended the camps located in Zalecze Wielkie, Otwock, and Pinczow. The Foundation has selected four group leaders, twenty-one American teachers and twenty-three teaching assistants to participate in the TEIP Program. Participants hailed from the following twenty states included: California, Colorado, Connecticut, Florida, Illinois, Maine, Massachusetts, Michigan, New Jersey, New Mexico, New York, North Carolina, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, and Vermont. Since the TEIP Program began in 1991, the Kosciuszko Foundation has organized a total of 112 educational camps throughout Poland.

The volunteer American teachers and assistants are instrumental in effecting the Kosciuszko Foundation's mission of promoting closer ties between Poland and the United States. The reciprocal nature of the TEIP Program enables large numbers of Polish students and American participants to share in educational, scientific and cross-cultural exchanges.

The Kosciuszko Foundation expresses its gratitude to Dr. Joseph A. Polizzi, Marywood University, Scranton, Pennsylvania for assisting with recruiting teaching assistants and securing funding for registration fees. The following Kosciuszko Foundation chapters contributed financial support for shipping costs for the program: Ohio Chapter, Philadelphia Chapter, and Chicago Chapter.

Annual Dinner and Ball

On April 27th, 2013, The Kosciuszko Foundation celebrated its 78th Annual Dinner and Ball in the Grand Ballroom of New York's elegant Waldorf Astoria Hotel.

The Kosciuszko Foundation Medal of Recognition was awarded to Wojciech Inglot, President & Founder of Inglot Cosmetics, which has opened more than 330 boutiques around the world.

Henry C. Walentowicz, Esq. and Karina Walentowicz served as Ball Chairmen.

Under the patronage of Mary Kay Pieski, Ph.D., three young ladies: Anastasia Rose Ehlert of Kent, Ohio, Caroline Helen Novak of Longmeadow, Massachusetts and Krystyna Bronchard of Brooklyn, New York were presented as debutantes at the ball.

The Annual Dinner and Ball functions as an opportunity for friends and supporters of the Kosciuszko Foundation to gather and honor those who have made significant contributions to the arts, sciences, history, and literature, as well as to honor young women, bright, talented and ambitious, who seek to walk in the footsteps of those honored.

Guests in attendance this year watched as the masters of ceremonies guided the Ball through a host of traditions, such as the chorus of trumpeters from the Fanfare Squadron of the U.S. Merchant Marine Academy, and the singing of Polish and the United States National Anthems by Teresa Wojcik, Ph.D. The Polish American Folk Dance Company led the guests in the traditional Polonaise.

Affiliate Groups

Affiliate Groups play an important role in furthering the Kosciuszko Foundation's goals. They comprise of individuals who are focused on certain special interests within the broader activities of the Kosciuszko Foundation, and often feature their own membership rosters and officers, addressing many of the Foundation's specific needs.

The National Advisory Council

The National Advisory Council is composed of several individual members of the Kosciuszko Foundation, as well as presidents of the Kosciuszko Foundation's nine Chapters. The Council is designed to benefit from broad representation throughout the United States providing the Board of Trustees with valuable advice on how to expand membership and donations, by highlighting and discussing current trends amongst the Foundation's target groups, and developing ideas on how to attract new membership and donations given these trends. Its

members are longtime Foundation members who have their finger on the pulse of the Foundation, its philosophy, and its future.

Chapters of the Kosciuszko Foundation

The Kosciuszko Foundation chapters play a vital role in maintaining the Foundation's reputation as a nationwide organization. Run strictly by local volunteers who commit considerable time and effort to the task of soliciting members in their geographic areas, organizing local concerts, awards banquets, and other key fundraising events, representatives of the Kosciuszko Foundation's nine chapters act as local ambassadors, promoting the Foundation's mission in local regions.

Through the participation of local chapter presidents on the National Advisory Council, chapters also help keep the Board of Trustees, officers, and staff informed of local trends in local communities.

The Pro Arte League

For all those visitors to the Foundation House who find it an aesthetic and hospitable place to visit, they can thank the Pro Arte League.

Founded by women members of the Kosciuszko Foundation in 1970 with a mission to raise funds for the preservation and beautification of the public rooms for the Kosciuszko Foundation house, the Pro Arte League has played an indispensable role in keeping the Foundation House in its current pristine condition. Beginning with fashion show fundraisers in the early part of its history, the League now uses its annual fundraising luncheon as a showcase for young Polish-American musicians and other fine Polish and Polish American performing artists.

The Polish American Teachers Association

Polish American Teachers Association (PATA) was founded in 1973 in order to help accurately inform the American public about Poland and the role and contributions of Polish Americans in American society. PATA's relationship with the Kosciuszko Foundation began shortly after formation.

PATA sponsors a rich schedule of events and activities, including essay and visual arts competitions. One of its more popular programs include a storytelling competition, during which students of Polish heritage who attend Polish supplementary schools gather at the Kosciuszko Foundation in March to tell stories from Polish folklore.

PATA also holds the popular Annual *Mikołajki*/St. Nicholas Day celebration, which teaches children about traditional Polish Christmas celebrations. PATA has also been a reliable supporter of the Foundation's Teaching English in Poland Program, through regular cash contributions as well as Program volunteers.

The Debutante Council

The presentation of young ladies to the community and into society at the Kosciuszko Foundation's Annual Dinner and Ball in April of each year has been the highlight of the Foundation's calendar of events since it was introduced in 1941. The Debutante Council prepares those young ladies for presentation at the Ball.

The Council is comprised of women of Polish descent who also have longstanding relationships with the Kosciuszko Foundation. The Council invites young women between the ages of 16 and 25 who have shown scholastic achievement and a record of community service to participate as debutantes. The Council members prepare them for their appearance through meetings and a special luncheon. The Debutante presentation is a highlight of the Annual Dinner and Ball, instilling young women with a sense of traditional values, education and conduct in a sophisticated social setting. It is an exciting and elegant experience, creating memories that last a lifetime.
